Honorable President and Members of the City Council, Palatka, Fla. Gentlemen:

Electric light companies usually have more or less trouble with their street wires coming in contact with substances which they should not touch when the current is on.

Trees give more trouble than anything else, especially during wet weather. These facts being well known, electric companies are given the right by the town in which they opfifate, through the town council, to remove unnecessary obstructions We have been, and are having our content with the contractions and the content of the interior was assassinated on the station to take the train for Peterhof to make this weekly report to the czar.
